FOR IMMEDIATE RELEASE

## **Eagle Communications first to deliver fiber to the home in Ellis County**

May 25, 2011 (Hays, Kansas )- Eagle Communications is the first company to deliver broadband services to Ellis County residents using fiber to the home technology (FTTP)

“Residents in Munjor are now receiving Eagle services via FTTP,” said Travis Kohlrus, Eagle Communications Broadband Director of Community Relations and Product Development. “We connected the first customers there last week and Eagle is offering the all of the same outstanding broadband services available in Hays to the community of Munjor.

Eagle’s fiber to the home technology in Ellis County continues the tradition of using tailored technology appropriately to meet the specific needs of residents and business.

With FTTP, residents and businesses receive the same great services available in larger communities including advanced television services including Digital and HD-TV, whole-house Digital Video Recorders (DVRs), Internet-based apps over the television and more. Eagle residential services included Eagle Local TV with free HD, reliable high speed Internet up to 100MB, and telephone starting for only \$16 a month.

Business Customers will enjoy a wide range of Local TV, Commercial Internet and Commercial telephone service options.

Eagle Communications, Inc. is a Kansas based Broadband Services and Media Company with over 250 employee-owners. The company operates 25

radio stations in Kansas , Nebraska , and Missouri as well as cable TV systems in Kansas and Colorado. The company also offers e-business solutions, web hosting, high-speed Internet, telephone services, and wireless Internet. For more information log on to <http://www.myeaglecom.net>
